- CALL FOR EXPERTS -

REPRESENTING ENVIRONMENTAL INTERESTS IN
ECODESIGN PRODUCT MARKET SURVEILLANCE

Application deadline: 25/05/2018

ECOS is looking for experts of Power Transformers and Industrial Fans to represent environmental interests in the [INTAS project](#). Experts will provide technical and scientific input into discussions, and review project deliverables in accordance with the related policy context and ECOS strategy.

ECOS is the only pan-European NGO promoting environmental interests in the development of standards. With over 15 years' experience in standards and technical policies, ECOS represents 44 European and national members, including WWF, EEB, T&E, and Friends of the Earth Europe. ECOS is a partner organisation of the standardisation organisations CEN and CENELEC, a member of ETSI and a liaison organisation to IEC & ISO. Find out more about ECOS on: www.ecostandard.org

The experts should have expertise in one or several of the below product groups:

- **Power Transformers (covered by regulation no. 548/2014)**
- **Fans (covered by regulation no. 327/2011)**

The nominated experts will be responsible for:

- Evaluating positions and strategies of the project from a technical standpoint;
- Providing technical input e.g. comments on project deliverables, position papers, in close cooperation with the ECOS Project Officer;
- Preparing, where appropriate, technical evidence to support the above.

Interested candidates should be able to illustrate an in-depth knowledge in the specific product group(s). Experience with, and understanding of, the EU Ecodesign and Energy Labelling Directives will be considered a strong asset. Candidates should also demonstrate a strong commitment to environmental NGO values. Fluency in English is a must.

If interested, please send your CV and cover letter to francisco.zuloaga@ecostandard.org, including mentions of relevant work, the product you are interested in and where you have found this call for experts.
