

# Effective market surveillance for ecodesign: focus on large industrial products

## PROGRAMME

12 February 2019, Brussels

Moderated by Martin Watson, Prospex

8:45

Registration & welcome coffee

9:15

Welcome

**Ingrid Weiss**, Head of Unit, Smart Cities and Networks,  
WIP Renewable Energies

9:30

Towards a better market surveillance for large industrial  
products: introduction to the INTAS project

**Oronzo Daloso**, Project Advisor, Executive Agency for Small and  
Medium-sized Enterprises (EASME), European Commission

9:45

State of play: challenges and benefits of improving market  
surveillance for industrial products

**Tomas Jezdinsky**, Market Research Consultant, European Copper Institute

**Bram Soenen**, Scientific Advisor, Belgian Federal Public Service Health,  
Food Chain Safety and Environment

10:30

Coffee break

11:00

Focus on industrial fans: methodology and policy  
recommendations for effective market surveillance

**Christian Holm Christiansen**, Senior Specialist, Energy and Climate,  
Danish Technical Institute

**Francisco Zuloaga**, In-house Consultant, ECOS

11:30

Solutions lab: how to enhance market surveillance of industrial  
fans? Panel discussion

**Christian Holm Christiansen**, Senior Specialist, Energy and Climate,  
Danish Technical Institute

**Ronald Piers de Raveschoot**, Policy Officer, DG ENER, European Commission

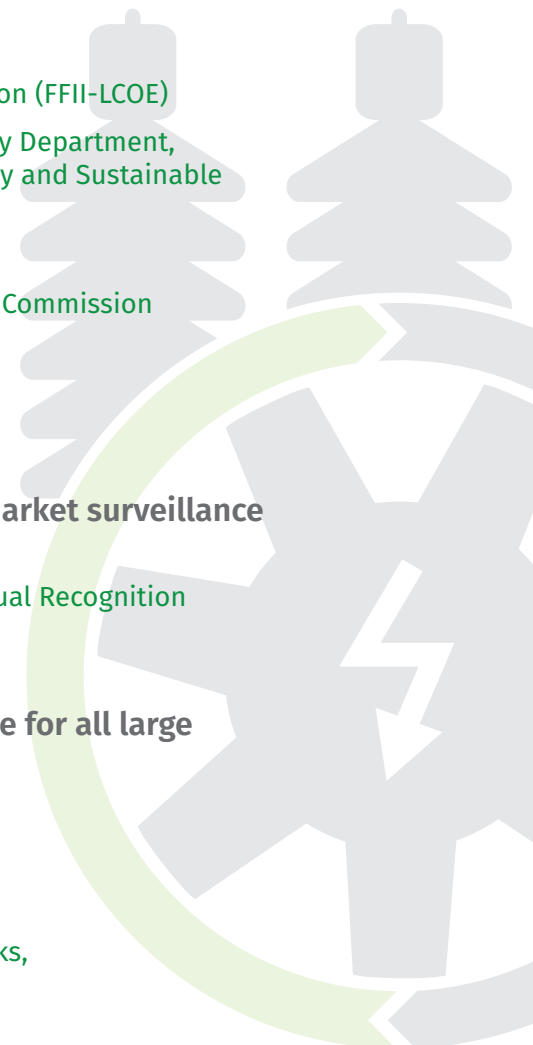

**Bram Soenen**, Scientific Advisor, Belgian Federal Public Service Health,  
Food Chain Safety and Environment

**Karsten Witt**, European Ventilation Industry Association (EVIA)

12:30

Networking lunch

<b>13:30</b>	<p><b>Focus on transformers: methodology and policy recommendations for effective market surveillance</b></p> <p><b>Sonia Martin</b>, Manager, Energy Efficiency Area, Foundation for the Promotion of Industrial Innovation (FFII-LCOE)</p> <p><b>Nerea Ruiz Fuente</b>, Programme Manager, ECOS</p>
<b>14:00</b>	<p><b>Solutions lab: how to enhance market surveillance of transformers? Panel discussion</b></p> <p><b>Rafael Guirado</b>, International Business Director, Foundation for the Promotion of Industrial Innovation (FFII-LCOE)</p> <p><b>Milena Presutto</b>, Senior Researcher, Energy Efficiency Department, Italian National Agency for New Technologies, Energy and Sustainable Economic Development (ENEA)</p> <p><b>Michel Sacotte</b>, T&amp;D Europe</p> <p><b>César Santos Gil</b>, Policy Officer, DG GROW, European Commission</p>
<b>15:00</b>	<p><b>Coffee break</b></p>
<b>15:30</b>	<p><b>Outlook for the future: European plans for market surveillance and the Goods Package</b></p> <p><b>Hans Ingels</b>, Head of Unit, Single Market Policy, Mutual Recognition and Surveillance, DG GROW, European Commission</p>
<b>15:50</b>	<p><b>Towards a more effective market surveillance for all large industrial products: INTAS conclusions</b></p> <p><b>Paul Waide</b>, Director, Waide Strategic Efficiency</p>
<b>16:10</b>	<p><b>Concluding remarks</b></p> <p><b>Ingrid Weiss</b>, Head of Unit, Smart Cities and Networks, WIP Renewable Energies</p>
<b>16:30</b>	<p><b>End of conference</b></p>
