

Frans TIMMERMANS
First Vice-President of the European Commission

Jyrki KATAINEN
Vice-President of the European Commission

Brussels, 15. 11. 2018

Dear Stakeholders,

I would like to thank you for your letter of 26 September 2018 to President Juncker on the package of ecodesign and energy labelling measures.

As you highlight, these measures would indeed bring substantial energy savings and monetary benefits for consumers, provide an important contribution to reaching our energy and climate targets and support the implementation of the circular economy.

The Commission remains committed to continuing the work in this area, with a view to adopting a package of measures before the European Parliament elections next year.

We thank you for your support for this important policy and look forward to continuing constructive dialogue as regards its further implementation.

Yours faithfully,

Frans Timmermans

Jyrki Katainen
