Co-funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or CINEA. Neither the European Union nor the granting authority can be held responsible for them.

d repair How an EU standard drives product

# reaLIFEstandards – The project

## We help Europe to achieve its climate and energy goals

- For energy and resource efficient products, bringing Europe closer to its climate and energy goals.
- Standards and policy that reflect environmental and consumer.
- Two leading NGOs involved in standardisation, ECOS and ANEC, have joined forces for Europe's clean energy transition in the reaLIFEstandards project!

- Co-funded by the EU's LIFE Programme, the project will strengthen ECOS and ANEC work on standards, the foundation of ambitious environmental policies.

# Today's agenda

## Role of Civil Society Organisations in EU Ecodesign and Energy Labelling standards

### Interaction between Regulations and Standards

**Bernardo Martinez**

Policy Officer · European Commission

### Inclusion of CSOs in the European standardisation system
